

Patrol Registration Form

Troop# _____

Patrol Name: _____ Patrol Name: _____ Patrol Name: _____

Name	Years	Name	Years	Name	Years
Average Experience		Average Experience		Average Experience	

Please enter a Patrol Name and then list the Scouts in each patrol. For each scout, round their experience to the nearest year. For example, if you have a new scout with 6 months or less, then he gets 0. If he has 7 or months in scouts, round up to 1. Average the years of experience for each patrol by adding the total years of experience per patrol and dividing by the number of scouts in the patrol. This is the Patrol Experience level.

Please use additional Forms if you have more than 3 patrols.
